Child & Teen Checkup Eligible Children (6 to 14 years)
Dental Sealant Placement, federal fiscal year 2015

Note: Child and Teen Checkup eligible children include all children enrolled in a Minnesota Health Care Program (Medical Assistance or Medicaid, and MNCare) for at least 90-continuous days during the federal fiscal year (FFY) (Oct. 1 through Sept. 30). Total eligible children (6 to 14 years) enrolled during FFY 2015 = 246,770. A dental sealant is a thin plastic coating applied to the biting surface of molars (back teeth) to prevent tooth decay and cavities. Dental sealants are provided by any oral health professional for whom placing a sealant is within their scope of practice. Dental sealant placement includes all unduplicated counts of paid, unpaid, and denied fee-for-service claims and encounter data. Source: Minnesota Department of Human Services. Child and Teen Checkups (C&TC/EPsdt) (CMS-416) Report. Collected by the Minnesota Oral Health Statistics System, Minnesota Department of Health Oral Health Program: MN Data Access Portal, April 2017. https://apps.health.state.mn.us/mndata/oral-health
